2019
ANNUAL
REPORT

CHAIRMAN'S REPORT 2019

Over the past year we have seen our current and past Academy athletes continue to taste success on the local and the international scene. For example, Erika Fairweather, who at the age of 15 competed in both the FINA Open and Junior World Swimming Championships, where she won gold in the 200m Freestyle at the Junior event. Courtney Duncan in Motocross is currently leading the World Champs again. We all hope that she and will not have the misfortunes of the previous last three years. Ben Mason and Eva Hofmans, both recently rowed at the Junior World Champs in Japan where Eva was a member of the Women's Quadruple sculls team that won gold.

We have successfully delivered programmes in Central Otago and are about to deliver a series of workshops in Oamaru to support the growth of talent in our northern neighbours. We continue to partner with the Southland Academy in delivering our annual year one Academy induction camp on a reciprocal basis and have maintained a strong relationship with SnowSports NZ, helping deliver education support for their junior Alpine athletes.

"The Academy has given me the extra knowledge that has enhanced my preparation and recovery in both training and regattas. This has helped me reach new heights and personal bests in training and racing"

JACK McLAUGHLAN - ROWING

The OAS again successfully delivered the Connecting Coaches Conference in November/December 2018. Over 150 attendees were fortunate to listen to a wide range of speakers from across the country where the theme of the weekend was "Coaching Young Athletes in a Changing World". The satisfaction levels of those attending are generally very high.

The annual NZ Motorsport programme was delivered in conjunction with the NZ Motorsport Trust for the 16th time in July this year continues to be a success. Dr Ken Hodge stepped down this year from the Mental Skills space after being involved with the Academy since its inception. We thank him for his time, enthusiasm and commitment to all the young drivers and co-drivers who have attended over the years. The NZ Motorsport Trustees as well as athletes once again enthusiastically endorsed the value of the week long programme.

We continue to get great and valuable financial support for our programmes from The Otago Community Trust and the Southern Trust, while High Performance Sport NZ continue to support and endorse our programmes. The quality and dedication of our service providers is outstanding year on year, as is evidenced by the results of our athletes and their gratitude expressed at graduation time. Thank you to Michael Coutts for his management of what has become a complicated business requiring business and people management skills. As our athletes will know all too well, a lot of the real work goes on "behind the scenes."

Thanks to all that have played their part for the Academy in this past year, the athletes, their families, friends, coaches, sporting associations, clubs and financial contributors. I thank our Board for their continued support and know that we are all well rewarded by the successes of our athletes and trust that we can continue to provide the resources necessary for them to continue their development on the world stage.

Steve Brocklebank
Board Chair - 2019

"The team at OAS have been helping me out over the past year and it's been hugely beneficial in my overall performance. At world level you can't afford to lack in any area's and the team there have definitely made sure that I have programs that suit my needs. The facility they have to offer while I'm home is exactly what I need to get ready for World Championships, not to mention the good group of people that I get to work out with it, they bring so much energy and that gives you extra motivation!"

COURTNEY DUNCAN - MOTOCROSS

ACADEMY OTAGO AND CENTRAL OTAGO 2019

The Academy Otago Programme was launched for the year beginning with an Athlete Life workshop to help set the foundations of success. In May the first-year athletes from Academy Southland and Academy Otago came together in Dunedin for a two-day camp. The camp is always a highlight of the year for this group of athletes and they were introduced to many new high-performance practices. Some of these included self-massage techniques, functional movement patterns, hydration testing, media skills, mental skills and recovery strategies. In addition to the seven workshop evenings each athlete in the programme have individually meet with an Athlete Life advisor to plan out their personal and sporting goals for the next 12 months. The year two athletes continue to build on their knowledge from their first year in the programme. Along with six further workshop evenings athletes also receive individual consultations in Athlete life, Mental skills and Nutrition.

The Academy Central Otago programme began in August with a weekend workshop held in Wanaka. The athletes gained an insight into High Performance sport through the delivery of several educational seminars. Some of the highlights were the smoothie making session, learning self-massage techniques, mindfulness and mental skills strategies. Athletes in this programme will attend another weekend workshop later in the year to build on this foundational knowledge.

We have completed the Otago workshops for the year with high attendance and great engagement from all the athletes involved. Many of the athletes in the Academy programme are currently representing the Otago region or New Zealand on the national and international stage. The Strength and Conditioning programme has continued to provide athletes with the opportunity to learn safe and correct lifting techniques and improve physical performance. The Dunedin facility also offers athletes a unique opportunity to interact and train with others from a wide range of different sports.

"The academy has helped me develop as an athlete in all areas of my sport, and outside of it in my day to day life. As a result of the lectures I have learnt about the nutritional side of sport, and through the one-on-one talks with Natalie I have been taught ways to help me deal with the stress and nerves leading into a rowing race."

EVA HOFMANS - ROWING

The Otago Academy of Sport has worked with several organisations and individuals over the past 12 months. The OAS has delivered performance support for the New Zealand U21 Women's curling team as they prepared for the Junior World B Championships held in Finland, Motocross athlete Courtney Duncan as she looks to secure the World Championship title for 2019, the Otago Cricket emerging player squad and Otago Swimming.

"The Elite Motorsport academy week was so rewarding, I pushed myself both mentally and physically and was given the support, encouragement and guidance to push myself further than I thought was possible. The providers were so knowledgeable and even inspirational, I learnt so much about what is required especially off track stuff from time management, nutrition, media, social and mental skills and of course I really enjoyed the simulator training. We had a great bunch of people and we formed a strong bond within our group which provides support out of the academy. The academy has given me skills that are not only useful in my motorsport career but also life. I feel I have come away better prepared for what is required to be a professional driver and feel extremely lucky to have been given these insights at the earlier part of my career."

RYAN WOOD - MOTORSPORT

CONNECTING COACHES CONFERENCE 2018

The Otago Academy of Sport successfully delivered the 2018 Connecting Coaches Conference which was held in Dunedin on the 30th of November and the 1st of December.

The theme of the Conference was “Coaching young athletes in a changing world”. With over 150 attendees from throughout New Zealand a wide range of coaches enjoyed listening to topics ranging from “Increasing emotional control” through to “What is Effective coaching” with all presentations tying into the underlying theme. Along with the support of Sport NZ the ambition is to continue to deliver these coaching conferences on a bi-yearly occasion in order to cover the need of personal and professional development for coaches in the Southern regions.

“The 2019 Elite Academy Camp Week held by MotorSport New Zealand and Otago Academy of Sport was everything I had hoped for and more as I work towards the top levels of National and International rallying. I left Camp Week feeling ready to take on the world as a more knowledgeable and professional athlete. I immediately integrated the skills and information I learnt around fitness, nutrition, hydration, sleep, media, mental strength, sponsorship (among so many more topics) into my everyday life and I can feel and see the benefits already. I can now fuel my body and mind with the correct nutrition and sleep patterns, and I am able to train hard every day in the gym and also mentally with reaction times and accuracy drills which are vital skills in my role as a co-driver. The ability to learn from the inspiring group of providers at Camp Week and also those I have been set up with as part of my IPP has been truly life changing. I am physically and mentally fitter and stronger and better equipped to do my job in the car and win as my best self. Thank you all.”

KATRINA RENSHAW - MOTORSPORT

MOTORSPORT ACADEMY 2019

The 16th New Zealand Elite motorsport Academy Camp was again delivered successfully by the Otago Academy of Sport in July of this year. Congratulations to Ronan Murphy for taking out overall honours as top graduate for 2019. Katrina Renshaw and Thomas Boniface picked up second and third placing respectively in what was a very tight decision. The Red team of Ronan Murphy, Katrina Renshaw, Conrad Clark and Joshua Bethune won the weeklong team challenge.

Since its inception in 2004, 139 competitors having been through the programme made up of 86 race drivers, 32 rally competitors, 12 KartSport NZ, one drifter and 8 co-drivers. Feedback from drivers and the Motorsport New Zealand Scholarship Trust was again very positive and we look forward to Academy Camp Number 17 in 2020.

The programme continues to be fortunate to have a core group of presenters and assistants who have been involved with the programme for some years. The one-week long camp is designed to

"It was an amazing week at the academy. I enjoyed getting to know everyone and also learning different techniques and skills to help me maximise my performance on and off the track."

CONRAD CLARK – MOTORSPORT

"The two biggest things I took out of the Academy camp week as an athlete, and as a person, were professionalism and time management. I learnt how to be more effective with my time in order to extract more out of each day and also how I can be a more professional athlete in general, in order to give myself an edge over the competition."

RONAN MURPHY - MOTORSPORT

train athletes physically and educate drivers based on their discipline. Strength, endurance, flexibility, heat stress tolerance, reaction time, visual abilities, and muscle balance/posture are the fundamental areas tested. This year we said farewell to long serving Sport Psychology presenter Dr Ken Hodge who has been with the academy since its inception. Natalie Fraser moved into the Sport Psychology space and we welcomed Carly Anderson from Academy Southland who presented in the area of Athlete Life. Thank you to the trustees for their continued support of this programme which provides the platform for the young New Zealand drivers to make their mark on the world stage. for the young New Zealand drivers to make their mark on the world stage.
