

2018
ANNUAL
REPORT

CHAIRMAN'S REPORT 2018

This annual report highlights the numerous activities and the success of these undertaken by our athletes and service providers during the past year. Our athletes and graduates continue to perform to high standards all around the world and we all take a sense of satisfaction from these results in knowing the Academy has played a part. Unfortunately the national Pathway to Podium Programme, which has helped support our athletes since 2014, has been abandoned in favour of national delivery mechanisms. The success of the Pathway to Podium programme delivery in Otago is highlighted in this report and we will be attempting to deliver similar results.

Highlights must include the medal winning exploits of Nico Porteous and Zoi Sydowski-Synott at PyeongChang, Korea. We look forward to ongoing success from Nico and Zoi and their teammates in Snow sports. The establishment of the Academy Snowsports Base in Wanaka is obviously paying dividends. On the "other side of the coin" we feel for Courtney Duncan as, for the 3rd year in succession, she will miss competing for the world number one position in Motorcross due to unfortunate injury, while well ahead of her competitors. I am sure she will return to fight on for that position next year and we wish her well. Whether you are there with Nico and

Zoi, or with Courtney, we congratulate all our current and past Academy members and wish you continuing success in your chosen field, sport, occupation or family.

We are all very grateful for the ongoing financial support of HPSNZ, The Otago Community Trust and the Southern Trust. Without this support we would not be able to provide the support that our athletes benefit from in their local communities. We firmly believe that our young aspiring athletes benefit greatly by having the services provided through the Academy, delivered in an environment with the support of their family, friends and other like minded athletes.

We are also delivering services successfully on the national stage. The 15th Motorsport Academy was held in Dunedin in July and again with high praise from the athletes and the NZ Motor sport Trust. We will be holding another Coaches Conference in November 2018 with coaches from all over New Zealand and an impressive list of speakers and presenters. Thanks go to our manager, Michael Coutts and his team of service providers for all their hard work during the year and particularly for their enthusiasm in encouraging and developing our young athletes to be the best they can be.

Thanks also to my fellow Board members. They not only contribute to the successful operation of the Academy, but also in their own right, to a wide range of sporting activities in Otago. We are well rewarded by sharing in the some of the success of our athletes. Thanks to all who have supported our athletes; family, friends, coaches, sporting associations, clubs and financial contributors. I trust we do already and that we can continue to provide the environment and enthusiastic support for our aspiring athletes to help them take on the world.

Steve Brocklebank
Board Chair - 2018

"The Otago Academy of Sport is a supportive environment of like-minded people, the workshops have provided me with knowledge, confidence and good, healthy habits that I know will help me further in my sport."

TEGAN BUCHANAN

PATHWAY TO PODIUM PROGRAMME 2018

The nationwide Pathway to Podium programme was launched in 2014 to help emerging athletes and coaches to be better prepared for the demands of a life in high performance sport. The objective of the programme is to provide the New Zealand high performance system with an increased number of athletes who understand and are better prepared for the demands of a high performance environment and who have the potential to win on the world stage.

The Otago Academy successfully completed the delivery of this four year programme, now delivered by HPSNZ in partnership with the respective national sport organisations. Of the 89 athletes we had through the Otago programme 19 went onto the HPSNZ carding system, 14 were selected to represent New Zealand at the Olympic, Paralympic or Youth Olympic Games, this was capped off with two athletes winning Olympic Games medals. In our last year of the programme we had 30 athletes across three years, of these athletes 19 were based in and around Wanaka with the remaining 11 based in Dunedin.

"The Academy Programme has improved my football because I am stronger physically with more mental skills and strategies that I am working towards so that I am always able to handle tough games and get through difficult situations when I play."

"The Otago Academy of Sport has helped me to become a better athlete both physically and mentally. I believe the thoughtful and individualised approach taken by the academy staff is the key to this development."

SAM BREMER

"I have benefitted hugely from the Otago Academy of Sports talent accelerator program this year because they have taught me how to be a better athlete, train better, eat better, and more. I also have been able to apply this knowledge in my sport and have achieved greater than before, winning my first national title this year. My fellow teammates have benefited from me sharing my knowledge with them and I would definitely recommend the programme to other athletes. Thanks to the Otago Academy of Sport."

ACADEMY OTAGO AND CENTRAL OTAGO 2018

This year's programme began in May with the first-year athletes from Academy Otago heading to Invercargill to join the Academy Southland first year athletes for a two day camp. The camp is always a highlight of the year for this group of athletes and they were introduced to many new high performance practices. Some of these included self-massage techniques, functional movement patterns, coachability exercises, media skills and recovery strategies. Following the camp, the Academy Otago Programme began with an Athlete Life workshop to help set the foundations of success. In addition to the seven workshop evenings each athlete in the programme have individually meet with an Athlete Life advisor to plan out their personal and sporting goals for the next 12 months.

The Academy Central Otago programme began in August with a weekend workshop held in Wanaka. The athletes gained an insight into High Performance sport through the delivery of several educational seminars. Some of the highlights were the smoothie making session, learning self-massage techniques, mindfulness and mental skills strategies. Athletes in this programme will attend another weekend workshop later in the year to build on this foundational knowledge.

The programme has got off to a fantastic start for 2018 with high attendance and great engagement from all the athletes involved. Many of the athletes in the Academy programme are currently representing the Otago region or New Zealand on the national and international stage.

The Otago Academy of Sport has worked with several organisations and individuals over the past 12 months. The OAS have delivered performance support for the New Zealand U21 men's and women's curling team as they prepared for the Junior World B Championships held in Finland, a southern group of identified New Zealand Rugby League players and Motocross athlete Courtney Duncan as she looks to secure the World Championship title in 2019. The Academy has recently begun a partnership with Otago Cricket to support a group of emerging players.

Over school term's two and three the Academy delivered a series of educational workshops to over 80 athletes from schools in the Dunedin metropolitan area, North Otago and Roxburgh. These were delivered over four nights covering various topics in athlete life, mental skills and nutrition. Thank you to the Otago Polytechnic Institute of Sport and Adventure and Waitaki Boys High School for hosting these evening workshops.

"Being involved with the Academy this year has provided training and nutrition skills that I have been able to use in helping my preparation and racing in competition"

JACK MCLAUGHLAN

"OAS provided me the step to get from an aspiring kayak athlete to a New Zealand representative. The strength I gained from having targeted S&C training had the most significant impact on my improvements in kayaking. The mental skills, athlete life and nutrition advice, I received gave me the tools to independently ensure I was in peak condition for my regatta while overseas."

"The academy has broadened my understanding of the components of being a true athlete. It isn't just about performing in the chosen area or discipline it's about balancing the sport with day to day life and nurturing what goes on in the background which allows you to perform when you want to."

ELLIE DUNCAN

"The team at OAS have been helping me out over the past year and it's been hugely beneficial in my overall performance. At world level you can't afford to lack in any area's and the team there have made sure that I have programs that suit my needs. The facility they have to offer while I'm home is exactly what I need to get ready for World Championships, not to mention the good group of people that I get to work out with it, they bring so much energy and that gives you extra motivation!"

COURTNEY DUNCAN

DEVON FAMILTON

“The Otago Academy has helped me focus on my goal of playing for the Blacksticks and the workshops and gym sessions are giving me the tools and confidence to get there.”

DYLAN QUIGG THOMAS

NZ Elite motorsport Academy Camp No 15 was again delivered successfully by the Otago Academy of Sport in July of this year. Congratulations to Callum Crawley for taking out overall honours as top graduate for 2018. Peter Vodanovich and Billy Frazer picked up second and third placing respectively in what was a very tight decision. Team Blue won the team award.

Since its inception in 2004, 131 competitors having been through the programme made up of 82 race drivers, 32 rally competitors, 9 KartSport NZ, one drifter and 7 co-drivers. Feedback from drivers and the Motorsport New Zealand Scholarship Trust was again very positive and we look forward to Academy Camp Number 16 in 2019.

The programme continues to be fortunate to have a core group of presenters and assistants who have been involved with the programme for some years. The one-week long camp is designed to train athletes physically and educate drivers based on their discipline. Strength, endurance, flexibility, heat stress tolerance, reaction time, visual abilities, and muscle balance/posture are the fundamental areas tested. This year we farewelled long serving trustee Bob McMurray who has been with the

academy since its inception. As his replacement the trust welcomed Alastair Wootten, Alastair has been involved with the Academy as a service provider for several years. Thank you to the trustees for their continued support of this programme which provides the platform for the young New Zealand drivers to make their mark on the world stage.
